SAMPLE – FICTIONAL DETAILS · NOT A REAL PERSON, BUSINESS OR OFFICIAL FORM

NMC (UK) registration — guidance note (sample)

For Anjali Thomas, registered nurse (fictional) · Sample – fictional details.

This is guidance, not an application and not legal advice. We are not the Nursing and Midwifery Council and not a UK immigration adviser. Always check the live instructions on the official NMC website before you pay any fee.

Typical path (check the official site for the current steps)

1. Read the NMC's current page on internationally educated nurses and midwives.
2. Confirm your qualification and English-language route as the NMC describes them that year.
3. Create your own account on the official portal. We do not log in as you unless a later, separately quoted filing service is agreed in writing — and only with your consent.
4. Keep a folder: passport, nursing qualification, registration in India, work letters, English-language evidence.
5. Fees on the NMC site are paid by you.

Document checklist (sample)

- Passport and a clear scan of the photo page.
- Nursing degree or diploma and a transcript.
- Current registration / good standing from the Indian council or state body, as the NMC asks that year.
- Employment letters that match the dates on your CV.

A paid order is a guidance note and checklist tailored to your papers, plus one revision. It is not a guarantee of registration.
